About Universidad de San Andrés

Founded in 1989 by the Scottish Community in Argentina and inspired by the pedagogical system of the liberal arts colleges, the Universidad de San Andrés is a privately-owned, not for profit institution with a complete academic offering in various fields. Its mission is to build an academic community of professors, students and alumni motivated by the search for truth and contributing to progress in Argentina and to the well-being of its citizens.

With more than 2,000 students enrolled, Universidad de San Andrés provides the possibility of studying with professors who conduct cutting-edge research and who were trained at some of the best universities in the world. It is one of the few universities in Argentina with a large, full-time faculty who hold regular office-hours and are available to answer student questions and concerns. Most faculty members hold Ph.D. degrees from the finest international universities. A majority of faculty members have had experience teaching abroad.

The university’s main facilities are set on a picturesque and secure campus, just forty-five minutes from downtown Buenos Aires. Certain graduate level classes also take place at the San Andrés downtown building located six blocks from the Plaza de Mayo.
